

# KUU-US

## CRISIS RESPONSE SERVICES

1-800-KUU-US17 | 1-800-588-8717

CHILD/YOUTH: 250.723.2040      ADULT/ELDER: 250.723.4050

### **THIS HOLIDAY SEASON KUU-US WILL PROVIDE EMOTIONAL SUPPORT FOR CALLERS.**

If KUU-US has a local person to contact in your community, that person may be asked to go to the person at risk.

KUU-US can offer to call back a person at risk at scheduled times to monitor their safety.

When more supports are needed, KUU-US works to deploy local services they have on file for a given community.

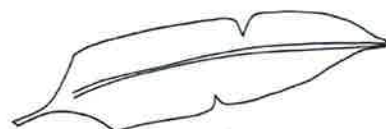

KUU-US will have contact information for crisis counselling providers who may be available for outreach support if local community contacts are in place.

After hours crisis response requests for FNHA will be summarized by KUU-US to brief the Regional Crisis Response Advisor as a priority for next working day. Timely response planning and actions will be undertaken in collaboration with community Health Lead(s).

Collaborative response planning with community Health Leads will be honored throughout, with their direction and input for follow up.
